GENERAL ORDERS BY THE HONORABLE  
THE PRESIDENT OF THE COUNCIL  
OF INDIA IN COUNCIL.

FORT WILLIAM, 28th February, 1843.

No. 49 of 1843.—Her Majesty's 26th and 49th Regiments being about to return to England, the President of the Council of India in Council cannot permit them to leave the shores of India without some public acknowledgement of their gallant services.

Both these Corps had served many years in India, and were remarkable for exemplary conduct before their embarkation for China. During the protracted struggle in a country new to Europeans, where the Troops were alternately exposed to great temptation and to harassing privations, these Corps maintained their high character in all situations from Canton to Nanking, in quarters and in the field, and they have now returned triumphant, having won the warm approval of His Excellency Sir Hugh Gough, Bart., and G. C. B., by whom they were commanded.

The President of the Council of India in Council deeply sympathised in the sufferings and losses of these Corps from the effect of sickness arising from exposure and vicissitude of climate upon the distant service on which they were employed, and now that on their triumphant return to Bengal they are recalled to the United Kingdom, He begs thus publicly to assure the Officers, Non-Commissioned Officers and Soldiers of both these distinguished Regiments, that they carry with them the marked approbation of the Supreme Government.

The President of the Council of India in Council would neglect a gratifying duty if he omitted to notice the report of the General in Command upon the conduct of the Officers of the General Staff of the Army in China.

To the heads of Departments struck off by General Orders of the 13th instant, Lieutenant Colonel Mountain, C. B., Deputy Adjutant General, Lieutenant Colonel Hawkins, C. B., Deputy Commissary General, and Lieutenant Colonel Gough, C. B., Deputy Quarter Master General, The President of the Council of India in Council considers it due publicly to acknowledge their valuable and unremitting exertions.

In thus taking leave of a body of Men, who, in conjunction with the rest of the Forces serving in China, have rendered such signal services to their country, The President of the Council of India in Council has the satisfaction of assuring them, that those services have been most highly appreciated not only by the Government of India, but by their Sovereign, who has been pleased to direct, that Medals be granted to the Officers and Men of Her Majesty's and the East India Company's Naval and Military Forces without distinction, who took part in the more prominent events of the War, in commemoration of the success of Her Majesty's Arms in China, and in token of Her Majesty's high approbation.

By order of the Honorable the President of the Council of India in Council,

W. M. N. STURT, Major,  
*Offg. Secy. to the Govt. of India,  
Military Department.*

### NOTICE.

*Touching a supposed Shoal in the Bay of Bengal.*

**T**HE Marine Board, with reference to their Notification No. 2281, dated 20th December last, make known for general information that, under the authority of Government, the Hon'ble Company's Steamer *Enterprise* was directed on her return from landing a Detachment of H. M.'s Fusiliers at Masulipatam, to examine the place in question, viz. Lat. 16° 23' and Long. 84° 10' E. where Captain Thompson, Commanding the Barque "Planet," states that he saw breakers and had ground at 9 fms. Captain Dicey, after examining in the neighbourhood for two days, reports that he saw no appearance of any Shoal; there were however "very strong ripples of current."

The examination of Captain Dicey not being considered satisfactory, the Hon'ble Company's Steamer *Queen* has been directed to proceed and examine minutely the space contained between 10 miles North and South, and 20 miles East and West of the spot; proceeding diagonally through the whole space so as to leave no part whatever unexamined.

The result will be communicated when received for general information.

By Order of the Marine Board,

**TOWN MAJOR'S OFFICE,**

**FORT WILLIAM, 3d March, 1843.**

The following Memorandum is published for general information, and all persons not belonging to the Garrison, who have obtained Passes for the different Gates, and Sorties, are requested to return them to the Town Major's Office, such Passes being from this date cancelled.

GEORGE WARREN, Lt.-Col.,  
*Town Major.*

**"MEMORANDUM."**

The indulgence of Passes for the different Gateways and Sorties of the Garrison having been greatly abused, and instances having been brought to notice of individuals having obtained "egress" and "ingress" by feigned Passes, rendering it thereby a matter of difficulty to the different Sentries in what manner to enforce their orders, and

subjecting them also to punishment, for neglect of duty, it is therefore notified, that from this date all former Passes are cancelled, and for the future the privilege of all Gates will only be granted to

"His Excellency the Commander in Chief."  
 "Members of the Supreme Council."  
 "The Town Major."  
 "Officer Commanding Troops in Garrison."  
 "Surgeon of the Regiment in the Garrison."—  
 (Entrance by the Hospital Sortie only.)

These names pasted on a board will be fixed up in the Guard Rooms at the different Gateways, and further precautions adopted, to prevent other persons entering, or going out, by any other than the proper Gates and Sorties of the Garrison.

By order,  
 GEORGE WARREN, Lt.-Col.,  
*Town Major.*

# OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

**First.**—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked via "Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

**Second.**—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c. for places lying between Bombay and Marseilles, will be despatched in separate Packets.

**Third.**—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage, but if transmitted by the way of Marseilles, they are charged 2d. each.

# NOTICE.

Touching a supposed Shoal in the Bay of Bengal.

THE Marine Board, with reference to their Notification No. 2281, dated 20th December last, make known for general information that, under the authority of Government, the Hon'ble Company's Steamer *Enterprise* was directed on her return from landing a Detachment of H. M.'s Fusiliers at Masulipatam, to examine the place in question, viz. Lat 16° 23' and Long. 84° 10' E. where Captain Thompson, Commanding the Barque "Planet," states that he saw breakers and had ground at 9 fms. Captain Dicey, after examining in the neighbourhood for two days, reports that he saw no appearance of any Shoal; there were however "very strong ripples of current."

The examination of Captain Dicey not being considered satisfactory, the Hon'ble Company's Steamer *Queen* has been directed to proceed and examine minutely the space contained between 10 miles North and South, and 20 miles East and West of the spot; proceeding diagonally through the whole space so as to leave no part whatever unexamined.

The result will be communicated when received for general information.

By Order of the Marine Board,

C. B. GREENLAW,

Secretary.

Lat 16° 23' and Long. 84° 10' E. where Captain Thompson, Commanding the Barque "Planet," states that he saw breakers and had ground at 9 fms. Captain Dicey, after examining in the neighbourhood for two days, reports that he saw no appearance of any Shoal; there were however "very strong ripples of current."

The examination of Captain Dicey not being considered satisfactory, the Hon'ble Company's Steamer *Queen* has been directed to proceed and examine minutely the space contained between 10 miles North and South, and 20 miles East and West of the spot; proceeding diagonally through the whole space so as to leave no part whatever unexamined.

The result will be communicated when received for general information.

*Touching a supposed Shoal in the Bay of Bengal.*

**T**HE Marine Board, with reference to their Notification No. 2281, dated 20th December last, make known for general information that, under the authority of Government, the Hon'ble Company's Steamer *Enterprise* was directed on her return from landing a Detachment of H. M.'s Fusiliers at Masulipatam, to examine the place in question, viz. Lat. 16° 23' and Long. 84° 10' E. where Captain Thompson, Commanding the Barque "Planet," states that he saw breakers and had ground at 11 fms. Captain Dicey, after examining in the neighbourhood for two days, reports that he saw no appearance of any Shoal; there were however "very strong ripples of current."

The examination of Captain Dicey not being considered satisfactory, the Hon'ble Company's Steamer *Queen* has been directed to proceed and examine minutely the space contained between 10 miles North and South, and 20 miles East and West of the spot; proceeding diagonally through the whole space so as to leave no part whatever unexamined.

The result will be communicated when received for general information.

TUESDAY EVENING, MARCH 14, 1843.

FORT WILLIAM,

SECRET DEPARTMENT, THE 14TH MARCH, 1843.

The Honorable the President in Council has the satisfaction of publishing for general information a Notification by the Right Honorable the Governor General of India, issued at Agra on the 5th instant, together with the Dispatches therein referred to, announcing a decisive victory gained by Major General Sir Charles Napier, and the Forces under his Command, over the Ameers of Scinde, on the 17th ultimo, and the occupation of the City of Hyderabad on the 20th idem.

A Royal Salute will be fired from the Ramparts of Fort William this afternoon in honor of these brilliant events.

By order of the Hon'ble the President of the Council of India in Council,

T. R. DAVIDSON,

*Offg. Secy. to the Govt. of India.*

## NOTIFICATION

BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA.

*Palace of Agra, the 5th March, 1843.*

The Governor General had earnestly hoped that the new provisions, to which various acts in contravention of their existing engagements, and various indications of hostility had compelled him to require the assent of the Ameers of Scinde, would have been carried into full effect, as they had been agreed to by their Highnesses, without a recurrence to arms.

This hope has been disappointed.

The Ameers having signed the new Treaty proposed to them on the 14th of February, attacked on the following day with a large force the residence of the British Commissioner. In this treacherous attack they were repulsed. On the 17th, Major General Sir Charles Napier gained a decisive victory over their whole army, and on the 20th, the British troops occupied the city of Hyderabad.

Six of the Ameers delivered their swords to the British General upon the field of battle. All their guns, ammunition and treasure were taken together with their camp.

The Beloochees lost 5000 men.

Thus has victory placed at the disposal of the British Government, the country on both banks of the Indus from Sukkur to the sea, with the exception of such portions thereof as may belong to Meer Ali Morad of Khyrpore, and to any other of the Ameers who may have remained faithful to his engagements.

The Governor General cannot forgive a treacherous attack upon a representative of the British Government, nor can he forgive hostile aggression prepared by those who were in the act of signing a Treaty.

It will be the first object of the Governor General to use the power victory has placed in his hands, in the manner most conducive to the freedom of trade, and to the prosperity of the people of Scinde — long misgoverned.

To reward the fidelity of Allies by substantial marks of favor, and so to punish the crime of treachery in Princes, as to deter all from its commission, are further objects which the Governor General will not fail to effect.

To Major General Sir Charles Napier and to the brave troops he commanded, the Governor General offers the tribute of his own admiration, and of the gratitude of the Government and people of India.

The bravery of the enemy against whom they were engaged, has enhanced their glory—the most decisive victory has been gained upon the best fought field.

In perpetual commemoration of this brilliant achievement the 2d company 2d battalion, and the 3d company 3d battalion of Bombay artillery, and the C company of the Madras Sappers and Miners will bear upon their appointments, and the 9th regiment of Bengal light cavalry, the Poona horse and the Scinde horse, upon their standards and appointments, and the 12th and 25th regiments of Bombay native infantry, upon their colours and appointments, the word “Hyderabad, 1843.”

The regiment of Scinde horse is on its present establishment permanently attached to the Army of Bombay.

The Governor General will not further anticipate the measures which the Home Authorities informed, before they can receive his despatches, of the victory which has been obtained, may think fit to adopt for the purpose of marking their high sense of the merits of those by whom so great a service has been performed.

The Governor General directs that a salute of 21 guns be fired at all the stations of the army.

By order of the Right Hon'ble the Governor General of India,

J. THOMASON,

*Offg. Secy. to the Govt. of India,  
with the Governor General.*

From Major General Sir C. J. NAPIER, K. C. B.,

*Commanding in Scinde and Beloochistan,*

To the Right Hon'ble LORD ELLENBOROUGH,

*Governor General of India,*

*&c. &c. &c.*

*Meeanee, 6 miles from Hyderabad, 18th February, 1843.*

MY LORD,

The forces under my command have gained a decisive victory over the army of the Ameers of Upper and Lower Scinde. A detailed account of the various circumstances which led to this action does not belong to the limited space of a hasty despatch, I, therefore, begin with the transactions belonging to the battle. On the 14th instant the whole body of the Ameers assembled in full darbar, formally affixed their seals to the draft Treaty. On leaving the darbar, Major Outram and his companions were in great peril, a plot had been laid to murder them all. They were saved by the guards of the Ameers, but the next day (the 15th) the residence of Major Outram was attacked by eight thousand of the Ameers' troops, headed by one or more of the Ameers. The report of this nefarious transaction I have the honor to enclose. I heard of it at Hala, at which place the fearless and distinguished Major Outram joined me with his brave companions in the stern and extraordinary defence of his residence against so overwhelming a force, accompanied by 6 pieces of cannon. On the 16th I marched to Muttaree, having there ascertained that the Ameers were in position at Meeanee, (10 miles distance) to the number of twenty-two thousand men, and well knowing that a delay for reinforcements, would both strengthen their confidence and add to their numbers, already seven times that which I commanded, I resolved to attack them, and we marched at 4 A. M., on the morning of the 17th; at 8 o'clock the advanced guard discovered their camp, at 9 o'clock we formed in order of battle, about *two thousand eight hundred men of all arms* and *12 pieces of artillery*. We were now within range of the enemy's guns, and 15 pieces of artillery opened upon us and were answered by our cannon. The enemy were very strongly posted, woods were on their flanks which I did not think could be turned. These two woods were joined by the dry bed of the river Fulaillee which had a high bank. The bed of the river was nearly straight and about 1,200 yards in length. Behind this and in both woods were the enemy posted. In front of their extreme right and on the edge of the wood was a village. Having made the best examination of their position, which so short a time permitted, the artillery was posted on the right of the line, and some skirmishers of infantry with the Scinde irregular horse were sent in front to try and make the enemy show his force more distinctly; we then advanced from the right in echelon of battalions.

refusing the left to save it from the fire of the village. The 9th Bengal light cavalry formed the reserve in rear of the left wing: and the Poona horse, together with four companies of infantry, guarded the baggage. In this order of battle we advanced as at a review across a fine plain swept by the cannon of the enemy. The artillery and H. M.'s 22d regiment in line, formed the leading echelon, the 25th N. I. the second, the 12th N. I. the third, and the 1st grenadier N. I. the fourth.

The enemy was 1,000 yards from our line, which soon traversed the intervening space. Our fire of musketry opened at about 100 yards from the bank in reply to that of the enemy: and in a few minutes the engagement became general along the bank of the river, on which the combatants fought for about three hours or more with great fury, man to man. Then, my Lord, was seen the superiority of the musket and bayonet over the sword and shield and matchlock. The brave Belooches first discharging their matchlocks and pistols, dashed over the bank with desperate resolution; but down went these bold and skilful swordsmen under the superior power of the musket and bayonet. At one time, my Lord, the courage and the numbers of the enemy against the 22d, the 25th and the 12th regiments bore heavily in that part of the battle. There was no time to be lost, and I sent orders to the cavalry to force the right of the enemy's line. This order was very gallantly executed by the 9th Bengal cavalry and the Scinde horse. The details of which shall be afterwards stated to your Lordship, for the struggle on our right and centre was at that moment so fierce, that I could not go to the left. In this charge the 9th light cavalry took a standard and several pieces of artillery, and the Scinde horse took the enemy's camp, from which a vast body of their cavalry slowly retired fighting. Lieut. FitzGerald gallantly pursued them for two miles, and I understand, slew three of the enemy in single combat. The brilliant conduct of these two cavalry regiments decided in my opinion the crisis of the action, for from the moment the cavalry were seen in rear of their right flank, the resistance of our opponents slackened; the 22d regiment forced the bank, the 25th and 12th did the same, the latter regiment capturing several guns, and the victory was decided. The artillery made great havoc among the dense masses of the enemy and dismounted several of their guns. The whole of the enemy's artillery, ammunition, standards and camp, with considerable stores and some treasure were taken.

Meer Roostum Khan, Meer Nusseer Khan and Meer Wallee Mahomed of Khyrporc; Meer Nusseer Khan, Meer Shadad Khan and Meer Hoosein Khan, all of Hyderabad, came into my camp and surrendered their swords as prisoners of war. Their misfortunes are of their own creation, but as they are great, I returned to them their swords. They await your Lordship's orders. Their Highnesses have surrendered Hyderabad, and I shall occupy it to-morrow.

It is not to be supposed that so hard fought an engagement could be sustained without considerable loss on both sides. That of the British force is two hundred and fifty-six men killed and wounded. The enemy is generally supposed to have lost five thousand; Major Teasdale, while animating his sepoy, dashed on horseback over the bank amidst the enemy, and was instantly shot and sabred; dying like a glorious soldier!

Major Jackson, in like manner, rushed forward, two brave havildars followed him: too far advanced before their men, they fell under the sabres of the enemy, but it is said not before he killed several.

Captains Mead, Tew and Cookson, with Lieutenant Wood, all fell honorably, urging on the assault with unmitigated valour.

Lieutenant Colonel Pennefather was severely wounded, as with the high courage of a soldier he led his regiment up the desperate bank of the Futallee. Major Wyllie, Captains Tucker and Conway, Lieutenants Harding and Phayre, were all wounded while gloriously animating their men to sustain the shock of numbers. And now, my Lord, I have to say that British officers could not shew greater gallantry in leading their men into action than did the Queen's and Company's officers on this day, and the troops well maintained their reputation.

From the heads of departments and regiments I have received every assistance throughout the whole campaign, and in the battle.

The gallant charge of the Bengal cavalry was intrepidly led by Lieut.-Col. Pattle, second in command, and Major Story, nor were the Scinde horse under Captain Jacob idle. To this able soldier and his regiment I am indebted for the most active services, long previous to, and during the combat. He won the enemy's camp, from which he drove a body of three or four thousand cavalry.

Major Lloyd powerfully worked his artillery, ably seconded by Captains Whitlie and Hutt. The destruction caused by their guns is said to have been immense.

Major Waddington of the Engineers, has given me great assistance throughout the campaign, and in the action lent me his aid in carrying orders.

Nor is the country less indebted to Major Reid for his gallantry at the head of the 12th N. I. The grenadiers under Major Clibborn, owing to a misconception of orders, were but slightly engaged.

Major Poole of the 22d, and Captain Jackson of the 25th, who succeeded to the command of those regiments, proved themselves worthy of their dangerous posts. In the medical and commissariat departments both activity and zeal have been shown by Dr. Dalrymple and Captain Blenkins.

Major Wyllie, Assistant Adjutant General, was wounded while leading up the bank, and I have thereby lost, for a time, his valuable assistance, no man has been more serviceable to me in all our previous operations.

The Acting Assistant Quarter Master General Lieut. McMurdo, of the 22d regiment, had his horse killed, and while on foot leading some soldiers in a desperate dash down the enemy's side of the bank, he cut down a chieftain. He has greatly assisted me by his activity and zeal during the whole of our operations. Allow me to recommend to your Lordship's notice and protection Major McPherson, my Aide-de-Camp, an old soldier of the light division, from whom I have received that assistance which was expected from a veteran of the 43d regiment. To my Acting Aide-de-Camp Lieutenant Pelly, I am much indebted in many ways both during the campaign and in the action, as also to Lieut. Thompson, 9th light cavalry, who acted as my orderly officer during the day, and Lieut. Younghusband, staff officer.

Captain Henderson of the Madras Engineers, took a standard, and did good service with his excellent little band of sappers and miners, not only in this engagement but through the campaign. His Lieutenants Boileau and Outlaw, have also distinguished themselves.

Innumerable are the individual acts of intrepidity which took place between our soldiers and their opponents, too numerous for detail in this despatch, yet well meriting a record. I hope that your Lordship will pardon the length of this letter written in the midst of great interruptions and at various times.

Finally, I trust for receiving indulgence from one who so well knows how difficult my position has been for the last five months up to the present moment, and how hard I have labored and how much I have risked to avoid a recourse to arms. This sanguinary engagement has been forced upon me by the duplicity of the Ameers, though I must say that until the attack upon the Residency, neither Major Outram nor myself, believed they were resolved to fight, and against which duplicity, I never ceased to warn them. My conscience acquits me of the blood which has been shed. The tyrannical and deceitful Ameers brought on the battle, the fierce tribe of Beloochee robbers were resolved that it should be so, and bravely did they execute their resolution.

I perceive that I have omitted to mention three officers well worthy of being named. To Captain Tait, of the Poona horse, I entrusted charge of the baggage on this day of battle, and I have no doubt that the steadiness and imposing attitude of the detachment under his command, held the enemy aloof, for I assure your Lordship no post gave me greater anxiety than that of the baggage guard. Lieutenants Leeson and Brennan have, throughout the whole campaign, been of the greatest use as Baggage Master and Provost Marshal, and during the action Lieutenant Brennan was scarcely from my side a moment, except when conveying orders, nor will I omit to mention the Moonshah Ali Akbar, an Arab, who exhibited the coolest courage, and attended me every where.

I ought to have observed in the body of this despatch, that I had, the night before the action, detached Major Outram in the steamers with two hundred sepoys to set fire to the wood in which we understood the enemy's left flank was posted. This was an operation of great difficulty and danger, but would have been most important to the result of the battle. However, the enemy had moved about 8 miles to their right during the night, and Major Outram executed his task without difficulty at the hour appointed, viz. 9 o'clock, and from the field we observed the smoke of the burning wood arise. I am strongly inclined to think that this circumstance had some effect on the enemy. But it deprived me of the able services of Major Outram, Captain Green and Lieutenants Brown and Wells, together with two hundred men, which I much regretted for their sakes and for my own, for I much wanted the officers; and here I hope your Lordship will pardon me for saying that the want of European officers in the native regiments at one period, endangered the success of the action. The sepoy is a brave and excellent soldier, but like all soldiers he expects to be led on in certain moments, and as he looks to his European officer, if he misses him, the greatest danger arises—three times I saw them retreat, evidently because the officers had fallen, and when another appeared and rallied them they at once followed him boldly. This, my Lord, accounts for the great number of European officers killed and wounded in proportion to the whole. I am sure that in observing a defect in the formation of the Company's troops, the effect of which might have been so serious, I shall not be deemed presumptuous or impertinent.

The defence of the Residency by Major Outram, and the small force with him against such numbers of the enemy, was so admirable, that I have scarcely mentioned it in the foregoing despatch because I propose to send your Lordship a detailed account of it as a brilliant example of defending a Military post.

I have, &c.

From Major J. OUTRAM,

Commissioner,

To Major General Sir C. J. NAPIER, K. C. B.,

Commanding in Scinde and Beloochistan.

On board the *Planet* steamer, 15 miles above Hyderabad,

6 P.M., 15th February, 1843.

SIR,

My despatches of the last few days will have led you to expect that my earnest endeavors to effect an amicable arrangement with the Ameers of Scinde would fail, and it is with much regret I have now to report, that their Highnesses have commenced hostilities by attacking my residence this morning; which after four hours' most gallant defence by my honorary escort, the light company of Her Majesty's 22d regiment, commanded by Captain Conway, I was compelled to evacuate in consequence of our ammunition running short.

At 9 A.M. this morning a dense body of cavalry and infantry\* took post on three sides of the Agency compound (the fourth being defended by the *Planet* steamer about 500 yards distant) in the gardens and houses which immediately command the enclosure, and which it was impossible to hold with our limited numbers, a hot fire was opened by the enemy and continued incessantly for four hours, but all their attempts to enter the Agency enclosure, although merely surrounded by a wall, varying from 4 to 5 feet high, were frustrated by Capt. Conway's able distribution of his small band, and the admirable conduct of every individual soldier composing it under the gallant example of their commanding officer and his subalterns Lieut Harding and Ensign Pennesfather, H. M. 22d regt., also Capt. Green of the 21st regt. N. I. and Wells of the 15th regt. who volunteered their services, to each of whom was assigned the charge of a separate quarter, also to your A. D. C., Captain Brown, Bengal Engineers, who carried my orders to the steamer and assisted in working her guns and directing her flanking fire. Our ammunition being limited to 40 rounds per man, the officers directed their whole attention to reserving their fire, and keeping their men close under cover, never showing themselves or returning a shot, except when the enemy attempted to rush, or showed themselves in great numbers, consequently great execution was done with trifling expenditure of ammunition and with little loss. Our hope of receiving a reinforcement, and a supply of ammunition by the *Satellite* steamer (hourly expected) being disappointed, on the arrival of that vessel, without either shortly after the commencement of the attack, it was decided at 12 A.M. after being three hours under fire, to retire to the steamer, while still we had sufficient ammunition left to fight the vessel up the river. Accordingly I requested Captain Conway to keep the enemy at bay, for one hour, while the property was removed; for which that time was ample, could the camp followers be induced to exert themselves; after delivering their first loads on board, however, they were so terrified at the enemy's cross fire on the clear space between the compound and the vessel, that none could be persuaded to return except a few of the officer's servants, with whose assistance but little could be removed during the limited time we could afford, consequently much had to be abandoned, and I am sorry to find that the loss chiefly fell upon the officers and men who were too much occupied in keeping off the enemy, to be able to attend to their own interests. Accordingly after the expiration of another hour (during which the enemy despairing of otherwise effecting their object, had brought up 6 guns to bear upon us), we took measures to evacuate the Agency, Capt. Conway called in his posts, and all being united, retired in a body, covered by a few skirmishers, as deliberately as on parade, (carrying off our slain and wounded) which, and the fire from the steam boats deterred the enemy from pressing us as they might have done. All being embarked, I then directed Mr. Acting Commander Miller, commanding the *Satellite* steamer, to proceed with his vessel to the wood station, three miles up the river on the opposite bank, to secure a sufficiency of fuel for our purposes ere it should be destroyed by the enemy, while I remained with the *Planet* to take off the barge that was moored to the shore. This being a work of some time, during which a hot fire was opened on the vessel from three guns which the enemy brought to bear on her, besides small arms, and requiring much personal exposure of the crew (especially of Mr. Cole, the Commander of the vessel) I deem it my duty to bring to your favorable notice their zealous exertions on the occasion, and also to express my obligations to Messrs. Miller and Cole, for the flanking fire they maintained on the enemy during their attack on the Agency, and for their support during the retirements and embarkation of the troops. The *Satellite* was also exposed to three guns in her progress up to the woods and station, one of which she dismounted by her fire. The vessels were followed by large bodies of the enemy for about three miles, occasionally opening their guns upon us to no purpose; since then we have pursued our voyage up the Indus about fifteen miles without molestation; and purpose to-morrow morning anchoring off Muttarie, where I expect to find your camp. Our casualties amount to two men of H. M. 22d regiment, and one camp follower killed; and Mr. Conductor Kiely, Mr. Carlisle, Agency clerk, two of the steamer's crew, four of H. M. 22d regiment, and two camp followers wounded, and four camp followers missing.

Total, three killed, ten wounded and four missing.

*Touching a supposed Shoal in the Bay of Bengal.*

THE Marine Board, with reference to their Notification No. 1270, of the 27th ultimo, publish for general information, the following Report from Captain Warden, Commanding the Steam Vessel *Queen*, of the result of his examination of the place where the abovementioned Shoal is said to have existed.

By Order of the Marine Board,

C. B. GREENLAW,

Secretary.

FORT WILLIAM,  
The 9th March, 1843.

To

C. B. GREENLAW, Esq.,

Secretary to the Marine Board.

Sir,—I beg leave to report, for the information of the Board, that, while coasting off Her Majesty's Ship "*Indymion*," in 85° 30' East Long. and 16° 40' N. Latitude, I proceeded in a W. S. Westerly direction in search of the Shoal said to have been discovered by the Bark "*Planet*," I ran in this direction about 61 miles, when I hove too for the night with my head to the Southward and Eastward, being at this time about 10 miles S. of the spot where the Shoal was said to lay. At day light the next morning, I started again steering West for ■ miles, when I turned and stood back steering E. by N. with a good look out from the Mast Head, and the lead hove carefully every hour. At noon I found I was in Long. 84° 6' E. and Lat. 16° 40' N. having been set considerably to the Northward during the night. I stood again to the

Sd. and Eastward for 22 miles, crossing over the spot where the Shoal was said to be, but seeing no appearance thereof, I recommenced my Traverse according to the Sketch sent me by the Board, steering E. by N. on one tack, and W. N. W. on the other, covering a space of 20 miles East and West of the spot where it was supposed to exist, until I had worked away to the Northward in the Lat. of 16° 57' N, when I gave up the search, not having seen the slightest appearance of any Shoal, or obtained sounding at 60 fathoms water. The weather all the time remarkably clear, yet not the slightest appearance ever of discolored water could be seen from our Mast Heads.

I have, &c.,

"Para. 4.—The Orders issued by us in March 1840, were designed to accomplish these objects. And for the sake of illustration we will here show the result, as affecting the Privates of Infantry, premising that according to Her Majesty's Warrants, Soldiers serving abroad, are not entitled to "Beer Money," which is paid only to Troops serving at home.

"Para. 5.—Thus the Privates of Infantry gain additional Pay, varying from 1 R. 1 A. 3 P. to 3 Rs. 2 A. 6 P. per Mensem. In all other Ranks of Infantry and in all Ranks of Cavalry it will be found, in making a similar comparison, that no one sustains loss, and that most are gainers."

2.—With reference to the above, the following arrangements are to have effect at the three Presidencies from the 1st January 1843.

3. The cost of the Ration of a Soldier shall be considered to comprise the actual cost to Government of the following items—Bread or Rice, Meat, Salt, Tea or Coffee, and Sugar, fuel being supplied by Government gratis.

4. In every instance where the actual Cost to Government of the Ration above specified shall fall short of the authorized stoppage of 5d., or 3 Annas 4 Pie per day, the Soldier will be entitled to receive the difference from the Commissariat Department according to the following arrangement.

5. Every Executive Officer entrusted with the victualling of European Troops will, as soon as possible after the expiration of every month, in which the cost of the Soldier's Ration shall fall short of the stipulated deduction from his pay, viz. 3 Annas 4 Pie daily, furnish to the Commanding Officer of each Regiment or Detachment, a Certificate of the actual Cost per man of the Rations issued during such month. In accordance with the above Certificate a bill will be presented by the Commanding Officer, or authorized Staff Officer, to the Commissariat Officer, by whom payment of the difference will be made; these bills being subject, in due course, to the audit of the Military Board.

6. When Troops are marching or in the Field, this Certificate is to be furnished by the Executive Commissariat Officer as soon after the adjustment of the Agent's Accounts as possible.

7. The Hon'ble the President in Council is further pleased to fix the sum of 3 Annas 4 Pie, being the equivalent of the stoppage of 5d. per day, or Co.'s Rs. 6-5-4 for any month, as the

general rate of Dry Batta, to be drawn by all Classes of European Soldiers attached to Native Corps, Garrisons, or Departments, who are not entitled to receive Rations in kind from the Commissariat, including those on the non-effective list in receipt of Pay and Half Batta without reference to the Station at which they may be serving.

8. Agreeably to the rule laid down under the Orders of the Hon'ble the Court of Directors in Clause 8, of the G. O. G. G., dated the 8th of July 1840, the revised scale of Dry Batta now fixed is to be deemed prospective only, and is not to affect those now in receipt of a higher scale; but, as the revised scale does not include Compensation for Spirit Rations, to which the Soldier is entitled, he will receive with it, the higher rate of pay in which that Compensation is included, authorized in the G. O. above quoted.

9. The Dry Batta of Individuals who are not entitled to receive Rations in kind from the Commissariat Department will continue, as heretofore, to be drawn from the Pay Department.

FORT WILLIAM, 17th March, 1843.

No. 60 of 1843.—In publishing for general information the subjoined Extract, para. 11 of a Letter from the Hon'ble the Court of Directors to the Government at Fort St. George, No. 33, dated the 29th of June 1842, the Hon'ble the President in Council, with the concurrence of the Right Hon'ble the Governor General of India, in obedience to the Orders therein conveyed, is pleased to direct, that the additional pay for length of Service, of European Soldiers at all the Presidencies, which has hitherto been converted into Indian Currency, at the Exchange of 2s. 6d. the Rupee, shall, from the 1st of January 1843, be converted and paid, as in the instance of Good Conduct Pay, at the Exchange of 2s. 0½d.

2. The additional Pay of a Penny per diem, formerly allowed to certain classes of European Soldiers after 10 years' Service in the Cavalry, and 7 years in the Infantry, having been discontinued in Government General Order dated the 18th May 1827, the rate of Pay for such first period of Service inserted inadvertently in the Pay Tables published in G. O. of the 8th July 1840, is to be expunged.

"We observe that there is a discrepancy in the Pay Tables in consequence of the additional Pay for length of Service having been originally converted into Rupees in Bengal at a higher rate of Exchange than additional Pay of the same amount in Sterling granted as 'Good Conduct Pay,' which is now converted into Rupees at 2s. ½d. Thus the Private of Infantry whose period of Service is 14 years is entitled to 2d. a day additional Pay, but he receives only Rupees 2-1-1 per month of 31 days, as the equivalent, whilst the Soldier who is entitled to 2d. a day, as Good Conduct Pay, receives Rs. 2-8-6 per month as the equivalent. We are aware that in the aggregate the Soldier of 14 years' Service receives more in India than he is entitled to by the Royal Warrant, but as it is undesirable that the difference we have pointed out should be continued, we direct that the addition for Service be equalized with that for Good Conduct."

## NOTICE.

*Touching a supposed Shoal in the Bay of Bengal.*

THE Marine Board, with reference to their Notification No. 1270, of the 27th ultimo, publish for general information, the following Report from Captain Warden, Commanding the Steam Vessel Queen, of the result of his examination of the place where the above-mentioned Shoal is said to have existed.

By Order of the Marine Board,

C. B. GREENLAW,

FORT WILLIAM,  
The 9th March, 1843.

Secretary.

To

C. B. GREENLAW, Esq.,

Secretary to the Marine Board.

SIR,—I beg leave to report to you for the information of the Board, that after coasting off Her M.'s Ship "Indymion," in 25° 30' East Long. and 16° 40' N. Latitude, I proceeded in a W. S. Westerly direction in search of the Shoal said to have been discovered by the Bark "Planet." I ran in this direction about 61 miles, when I hove too for the night with my head to the Southward and Eastward, being at this time about 10 miles S. of the spot where the Shoal was said to lay. At day light the next morning, I started again steering West for 21 miles, when I turned and stood back steering E. by N. with a good look out from the Mast Head, and the lead hove carefully every hour. At noon I found I was in Long. 84° 6' E. and Lat. 16° 40' N. having been set considerably to the Northward during the night. I stood again to the Sd. and Eastward for 22 miles, crossing over the spot where the Shoal was said to be, but seeing no appearance thereof, I recommenced my Traverse according to the Sketch sent me by the Board, steering E. by N. on one tack, and W. N. W. on the other, covering a space of 20 miles East and West of the spot where it was supposed to exist, until I had worked away to the Northward in the Lat. of 16° 57' N. when I gave up the search, not having seen the slightest appearance of any Shoal, or obtained sounding at 60 fathoms water. The weather all the time remarkably clear, yet not the slightest appearance ever of discolored water could be seen from our Mast Heads.

I have, &c.,
